this book reconciles what is known of the proto indo european verbal system with the evidence of hittite and the other early anatolian languages the decipherment of hittite in 1917 and the recognition that it was an indo european language had dramatic consequences for conceptions of the indo european parent language for most of the twentieth century the disconnects between hittite and the other early languages such as sanskrit and greek have

been the subject of research scholars finally realizing that the question was not whether the conventional picture of the parent language should be modified to account for the facts of hittite but how after investigating the subject for twenty five years professor jasanoff proposes a resolution of the problem that is the most thorough and systematic yet published in this outstanding book he puts forward a new and revolutionary model of the proto indo european verbal system which will have a profound impact on the study of the indo european family of languages it also represents a significant advance in the understanding of the history of indo european

corruption party and government in britain 1702 1713 offers an innovative and original reinterpretation of state formation in eighteenth century britain reconceptualising it as a political and fundamentally partisan process focussing on the supply of funds to the army during the war of the spanish succession 1702 13 it demonstrates that public officials faced multiple incompatible demands but that political partisanship helped to prioritise them and to hammer out settlements that embodied a version of the national interest these decisions were then transmitted to agents in overseas through a mixture of personal incentives and partisan loyalties which built trust and turned these informal networks into instruments of public policy however the process of building trust and supplying funds laid officials and agents open to accusations of embezzlement fraud and financial misappropriation in particular although successive financial officials ran entrepreneurial private financial ventures that enabled the army overseas to avoid dangerous financial shortfalls they found it necessary to cover the costs and risks by receiving illegal gratifications from the regiments reconstructing these transactions in detail this book demonstrates that these corrupt payments advanced the public service and thus that corruption was as much a dispute over ends as means ultimately this volume demonstrates that state formation in eighteenth century britain was a contested process of interest aggregation in which common partisan aims helped to negotiate compromises between various irreconcilable public priorities and private interests within the frameworks provided by formal institutions and then collaboratively imposed through overlapping and intersecting networks of formal and informal agents
